PINEHURST PIPELINE

Pinehurst School District No. 94

May 2021

End of Year Events

June 3rd

Field Trip to Klamath
Outdoor Science School

June 10th

Field Day

June 11th

End of Year Ceremony

Pinehurst School Foundation Fundraiser

Paint Night

May 28th 6pm - 8pm

It's Just Paint will host a virtual
painting lesson via Zoom. Pick up
your supplies and join us for fun!

\$50 includes: Canvas, Paint, Loaner Brushes
& a Bottle of Ledger David wine.
+ \$10 to add a child.

Smarter Balanced Testing

This month all 3rd—6th grade students will be taking the Smarter Balanced Standardized Test. They will be tested in 1 subject but parents are welcome to request additional testing in other subjects. If interested please connect with Miss Hannah by May 7th.

Smarter Balanced Testing is the system that was adopted by the state of Oregon to test student proficiency in Common Core State Standards. We realize that one standardized test does not tell us accurately what a particular child has learned in a year. It does indicate progress, however, and it reveals areas of relative strength and weakness. The state uses the results of the tests to measure student achievement in the state of Oregon.

It is very important for your child to get plenty of rest and arrive on time during the weeks they will be taking the standardized tests.

YOUNGERS

During this past month, K-3rd grade students have dissected and examined dried beans, germinated seeds in plastic bags in our south facing windows, and planted a variety of edible greens in seed trays in our classroom. It's been fun to see and hear the excitement of children each morning as they check on the progress of our tiny seedlings which will hopefully survive and thrive when we move them to our outdoor raised beds. The goal: to eat our fresh greens before school lets out in June! Green plant studies have provided many opportunities for vocabulary development,

note taking, metric measurement, reading articles and writing observations. So, our basic skills are growing right along with our plants!

OLDERS

Olders are preparing for our end of the year ceremony and artistic performance. Memorizing nature poetry they selected themselves, students practice oratory skills, inflection, and rhythm. With their own poetry and story writing using orthographic patterns we have studied in our spelling unit, students engage creatively in multiple skills simultaneously. In Science, we are exploring the functions of organelles in different types of cells and conducting scientific investigations with microorganisms. The end of the year brings a chance to test our skills, an exciting outdoor science field trip, as well as fun and meaningful end of the year activities. Happy spring!

- Miss Hannah

REMINDER CORNER

May 3-7th - Teach Appreciation Week
May 4th - National Teacher Day
May 7th - No School Teacher In-Service Day
May 9th - Mother's Day
May 12th - School Board Meeting @ 7PM
May 15th - Mason's Birthday
May 19th - 26th - State Testing
May 26th - Budget Meeting
May 28th - No School Memorial Day
May 28th - Paint Night PSF Fundraiser
